

# Dianne's Garden: plant list

The plants we have used in Dianne's Garden are listed below, with common names in brackets.

## **Flowering plants:**

Actaea simplex 'James Compton' (bugbane)  
Aquilegia vulgaris (columbine or 'bonnets')  
Ajuga reptans (bugle)  
Aruncus Horatio  
Aster divaricatus and Aster x herveyi  
Astrantia major 'Claret' and 'Shaggy'  
Bergenia eroica (elephants' ears)  
Chaerophyllum hirsutum 'Roseum'  
Dicentra 'King of Hearts' (Fernleaf Bleedingheart)  
Galium odoratum (sweet woodruff)  
Geranium macrorrhizum and 'Orion' (Cranesbill)  
Geum stratheden  
Gillenia trifoliata  
Heuchera Americana 'Dale's Strain'  
Luzula sylvatica.

## **Grasses:**

Calamagrostis brachytricha  
Dianella 'Streetscape'  
Hakonechloa macra

## **Large shrubs:**

Cornus (dogwoods)

## **Bulbs:**

For early Spring: Snowdrops, Crocus, Eranthis hyemalis  
(Winter aconites), Iris reticulata

For April and May: Scilla siberica and narcissus tête-a-tête

May: Allium Purple Sensation

June: Gladiolus byzantinus

July: Allium sphaerocephalum

Most plants and bulbs are to be found on both sides of the garden. On the west side there is also Persicaria amplex 'Blackfield'.
